

# Jclïc: indiquer le chemin des activités

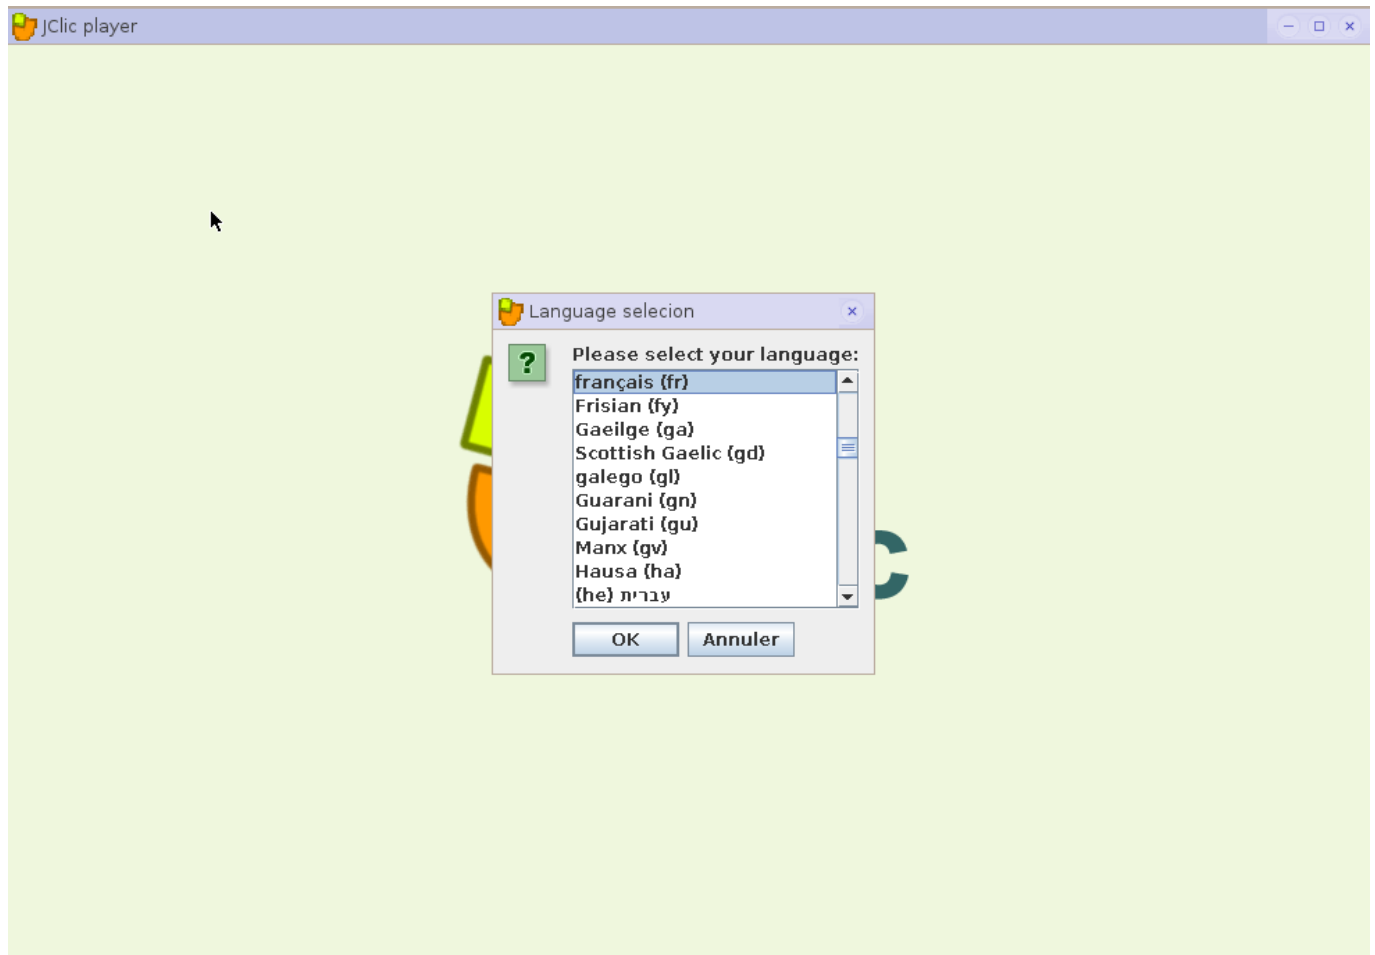

Cette manipulation est à effectuer au premier démarrage de Jclïc sous Administrateur, Mini, Super et Maxi.

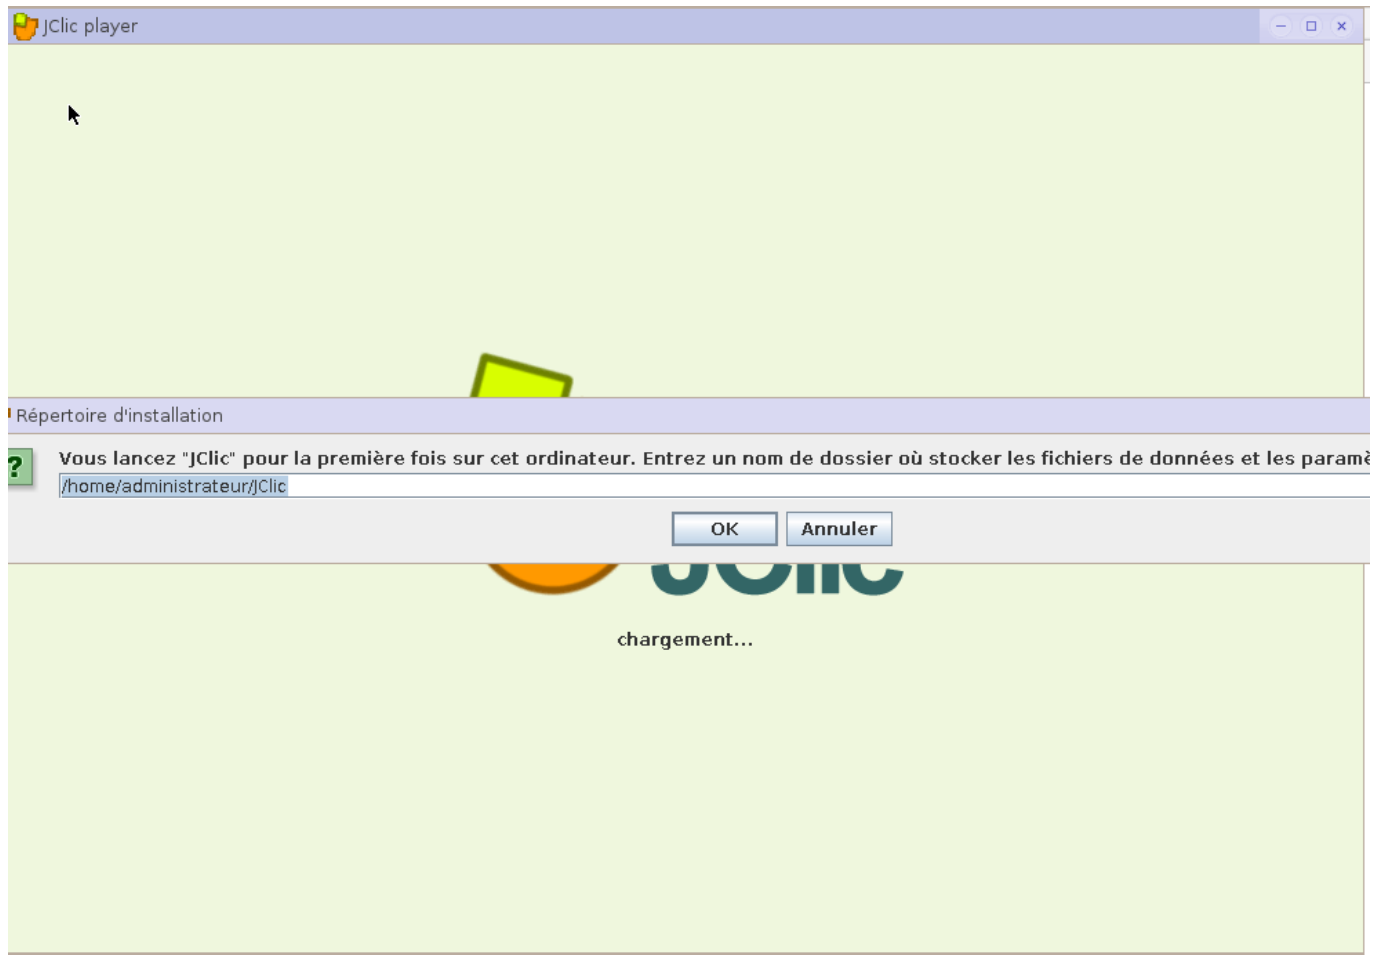

- Ouvrir Jclïc:

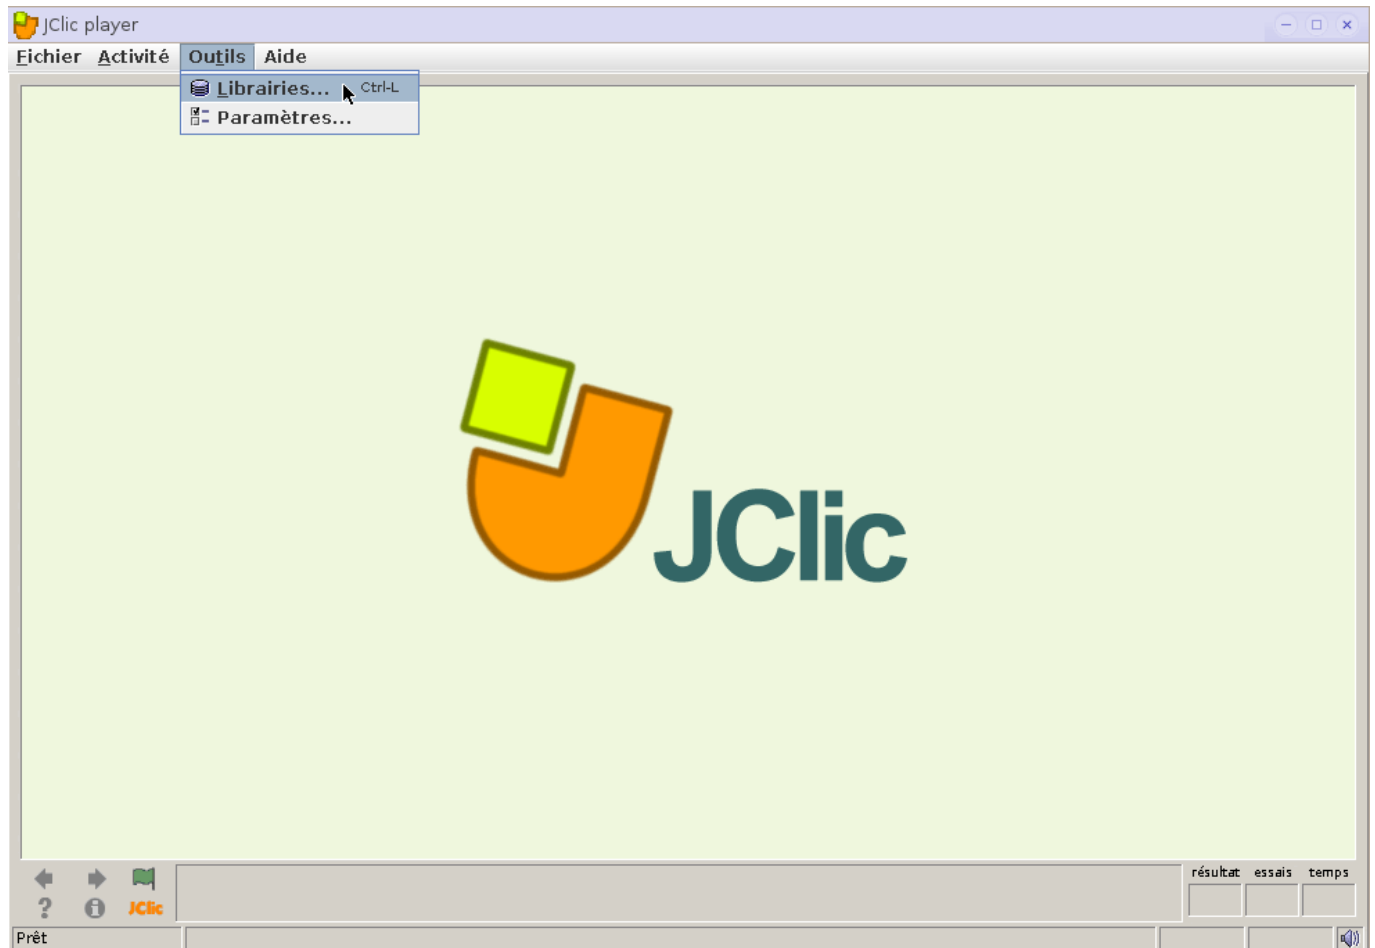

- Sélectionner la langue française:

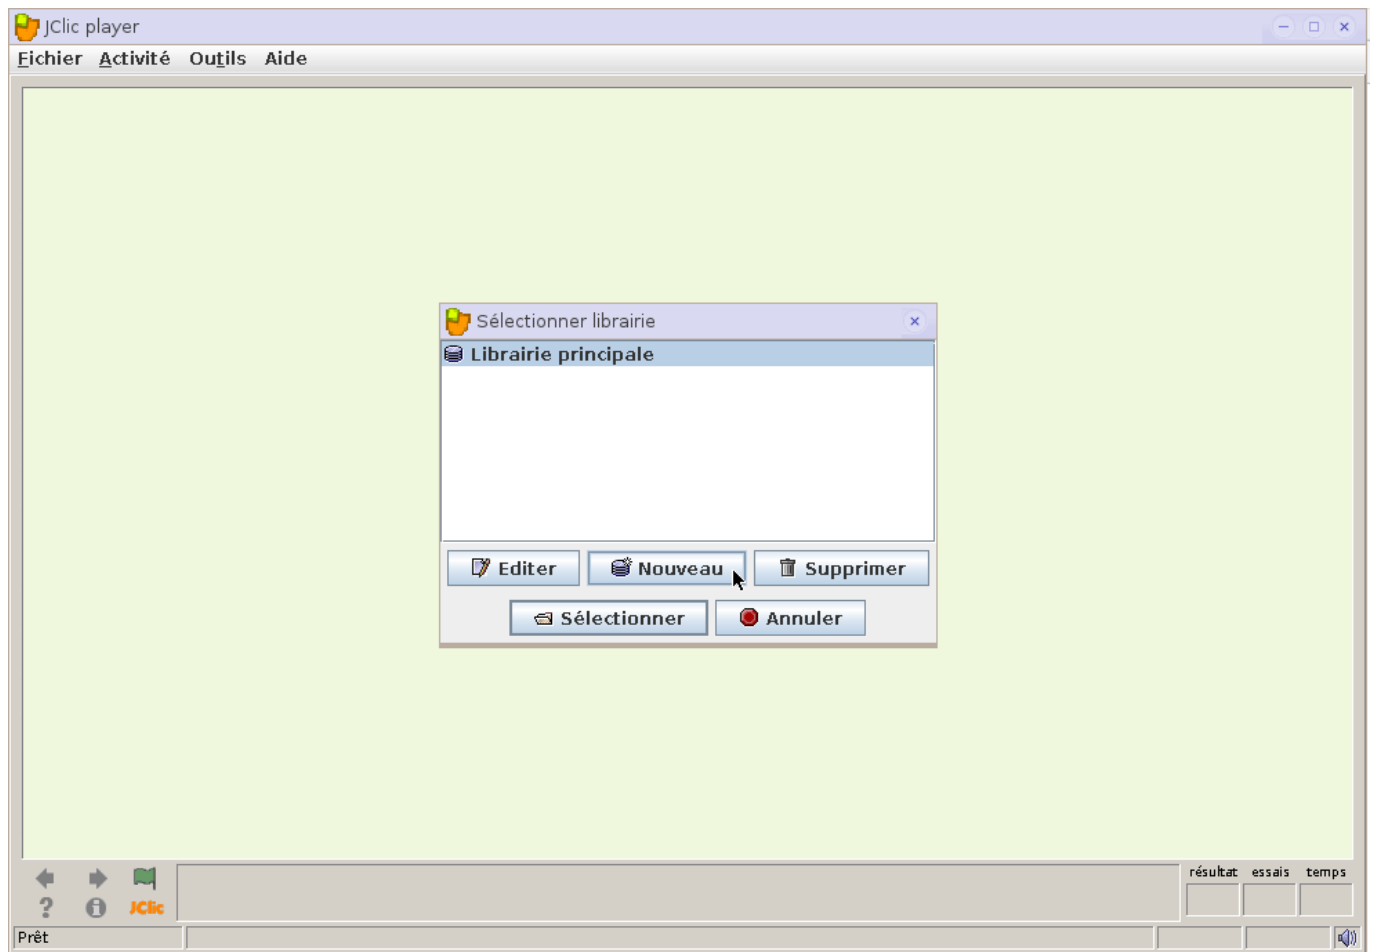

- Cliquez ici sur "OK":

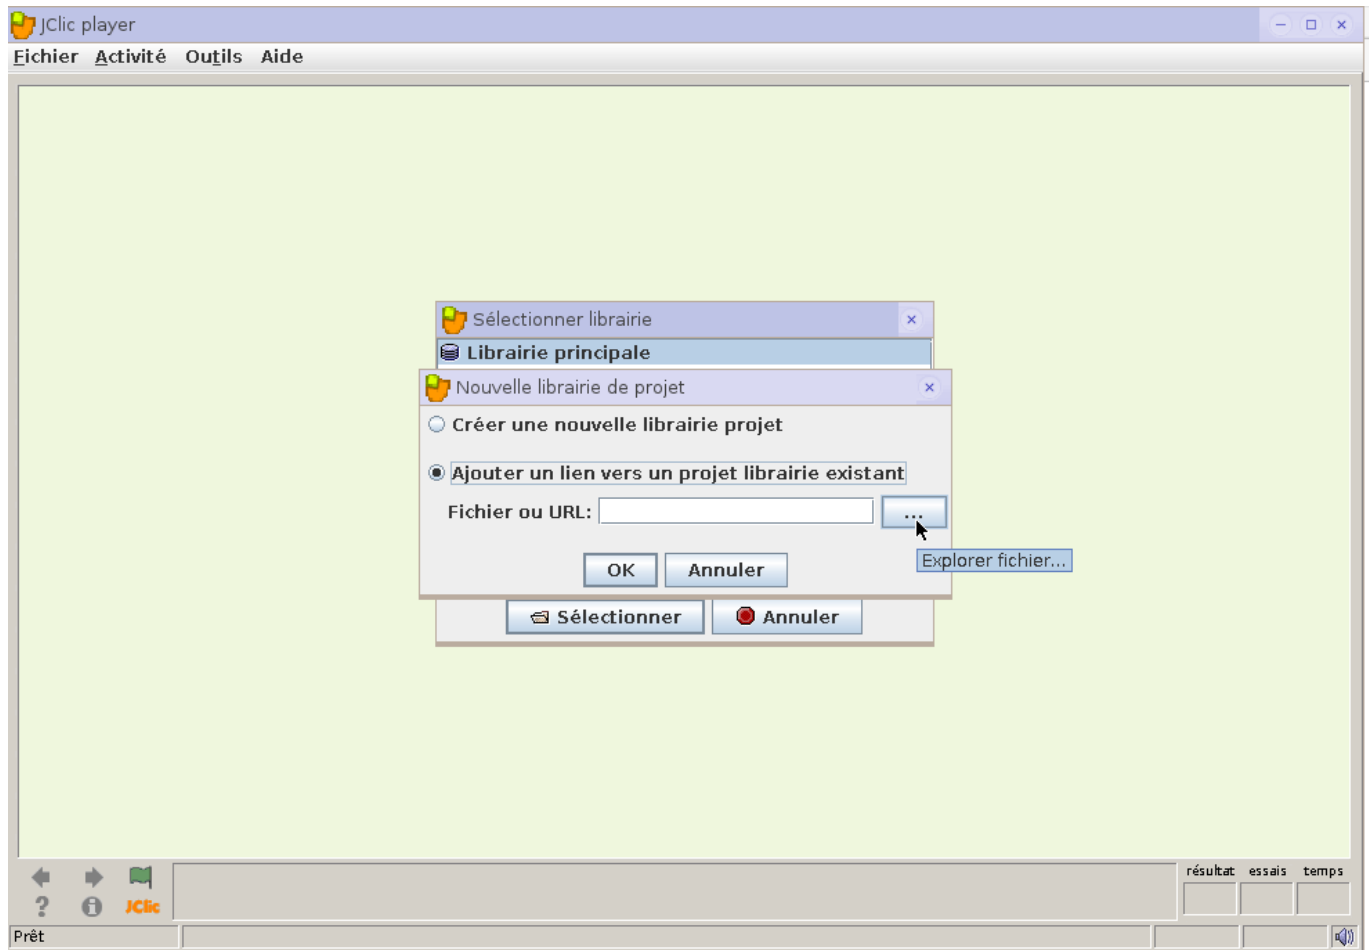

- Ouvrir "Outils ⇒ Librairies":

- Choisir "Nouveau":

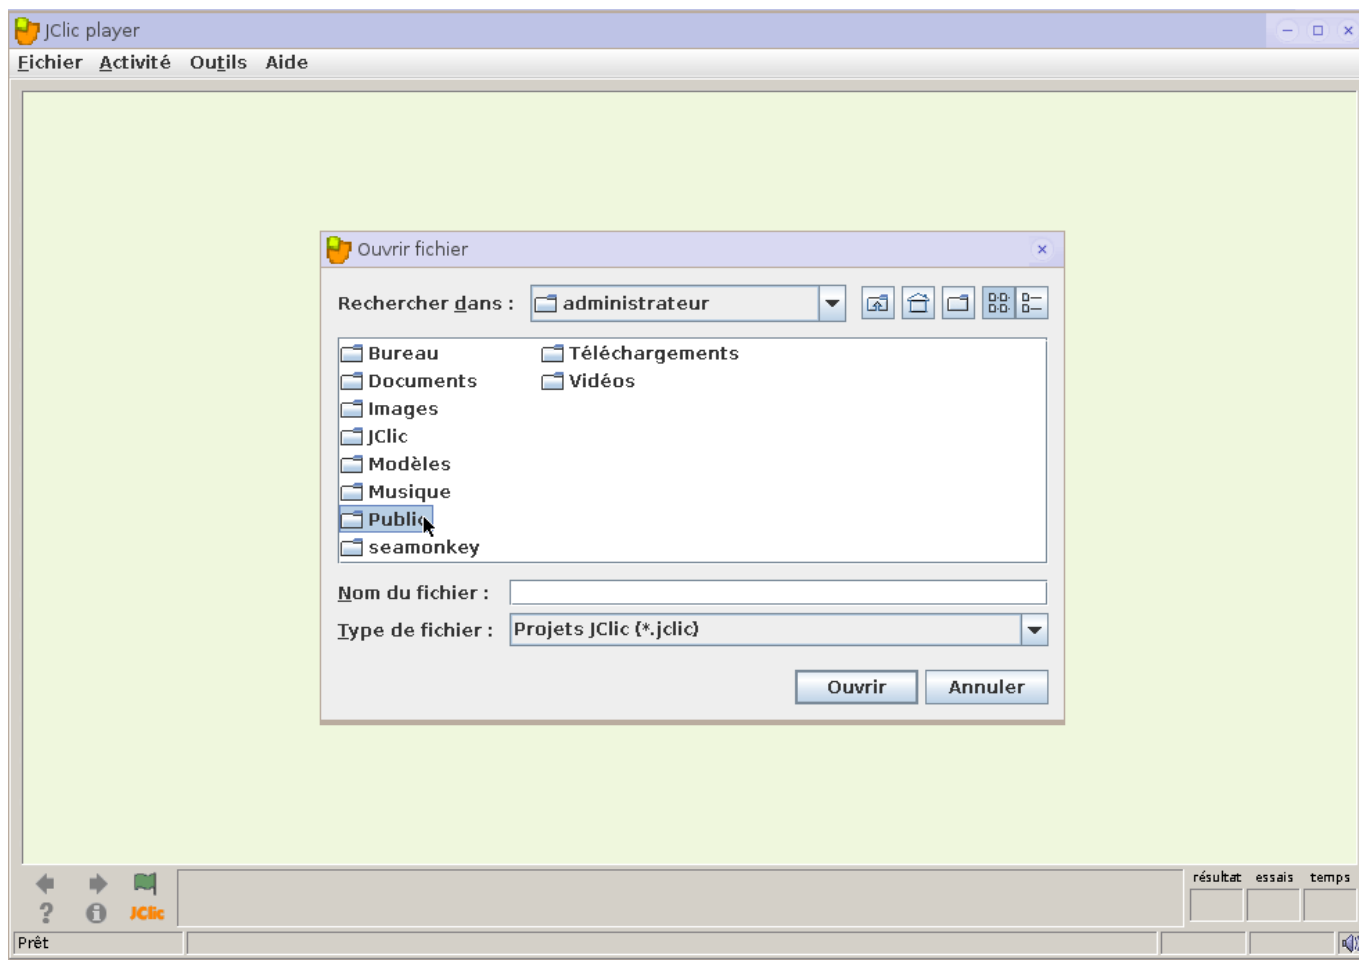

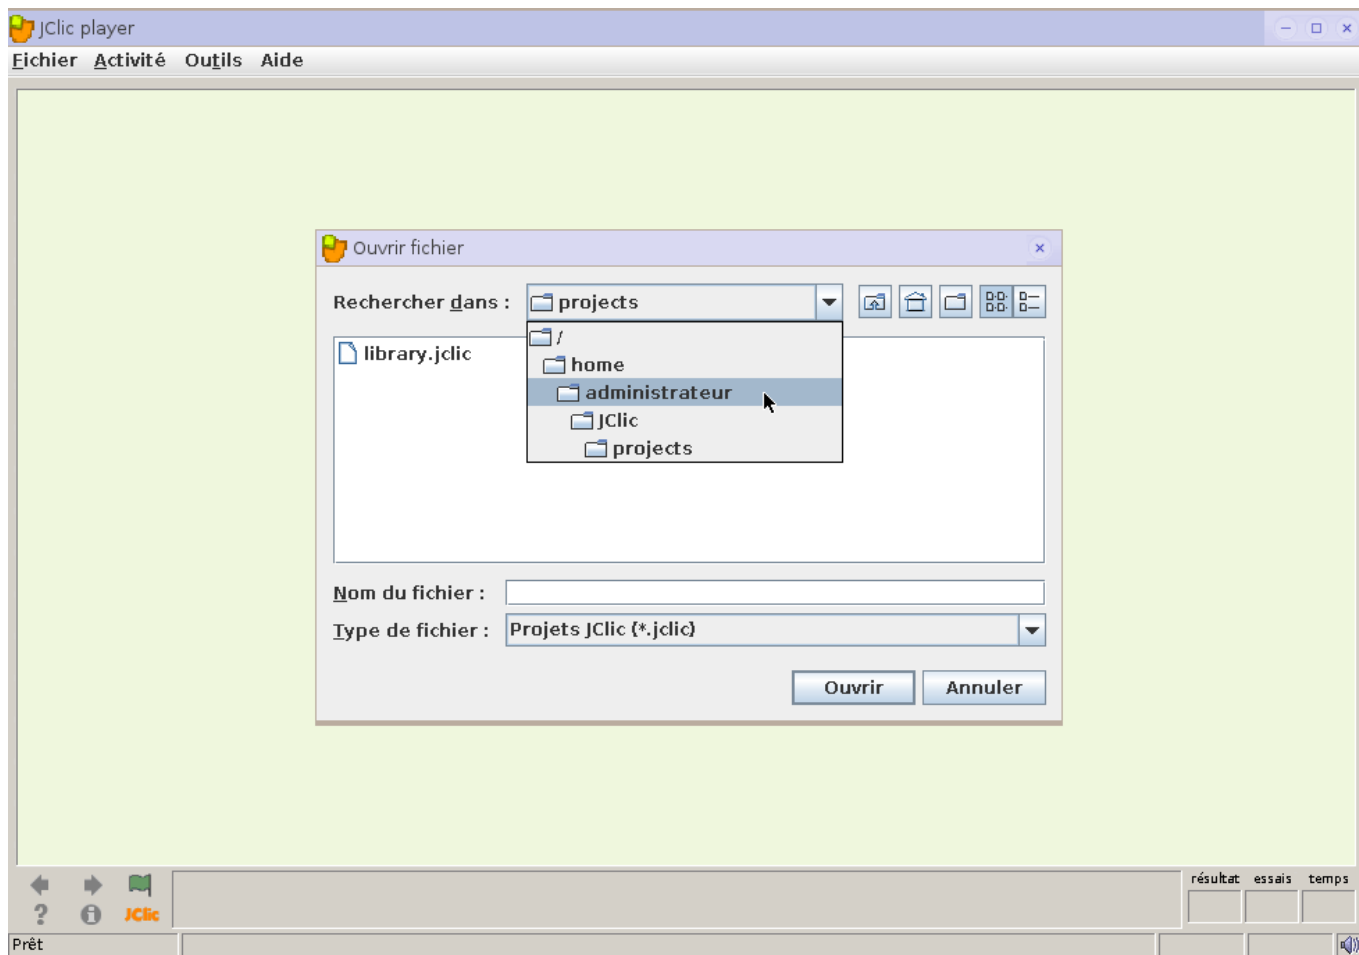

- Cocher “Ajouter un lien vers une librairie existante”, puis ouvrir l'explorateur:

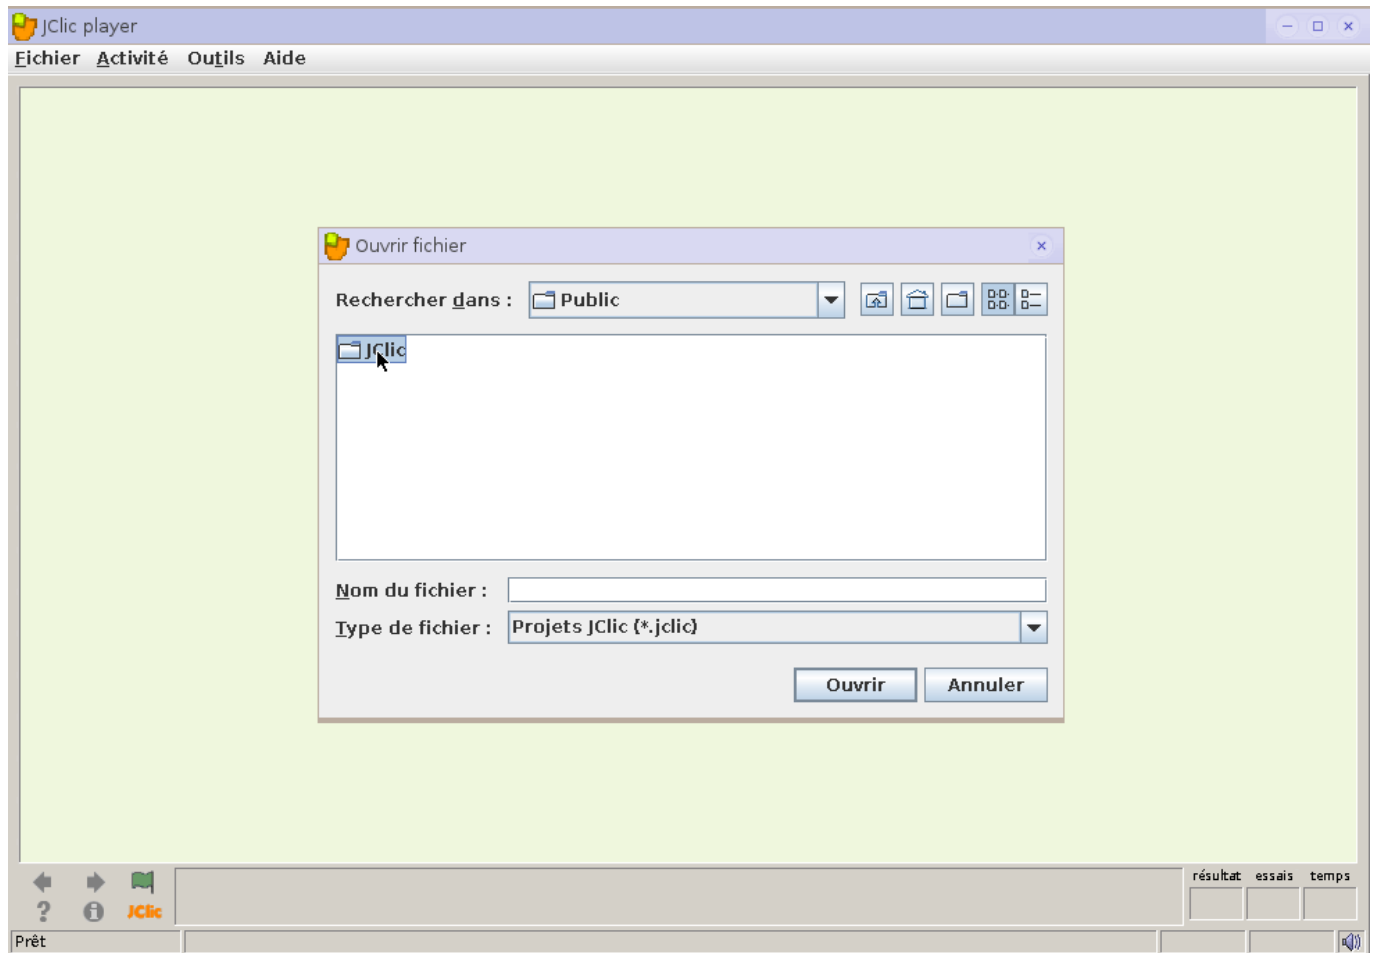

- Se rendre dans “/home/administrateur/Public/Jclic”:

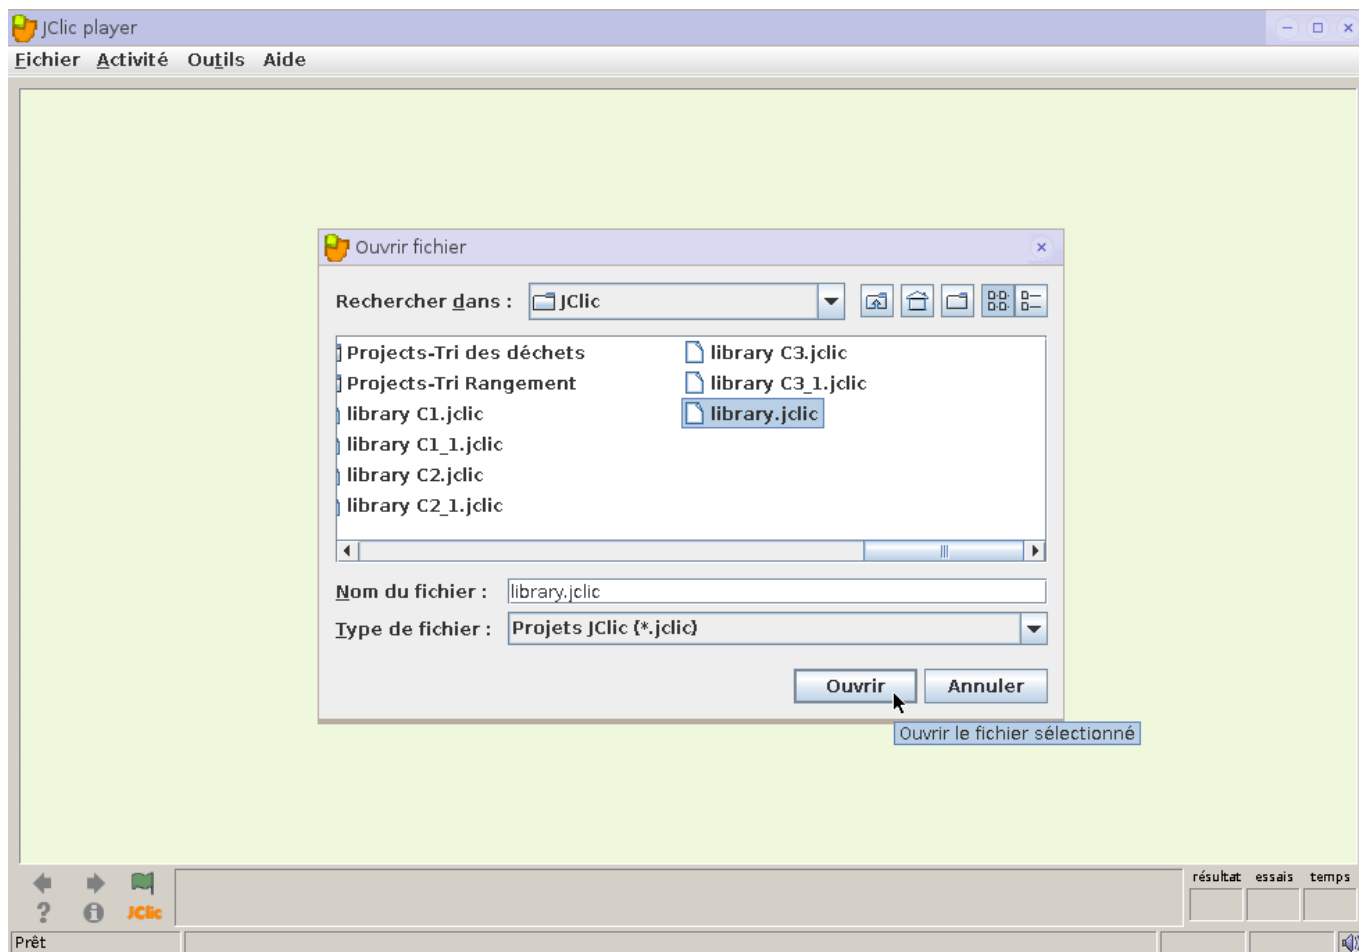

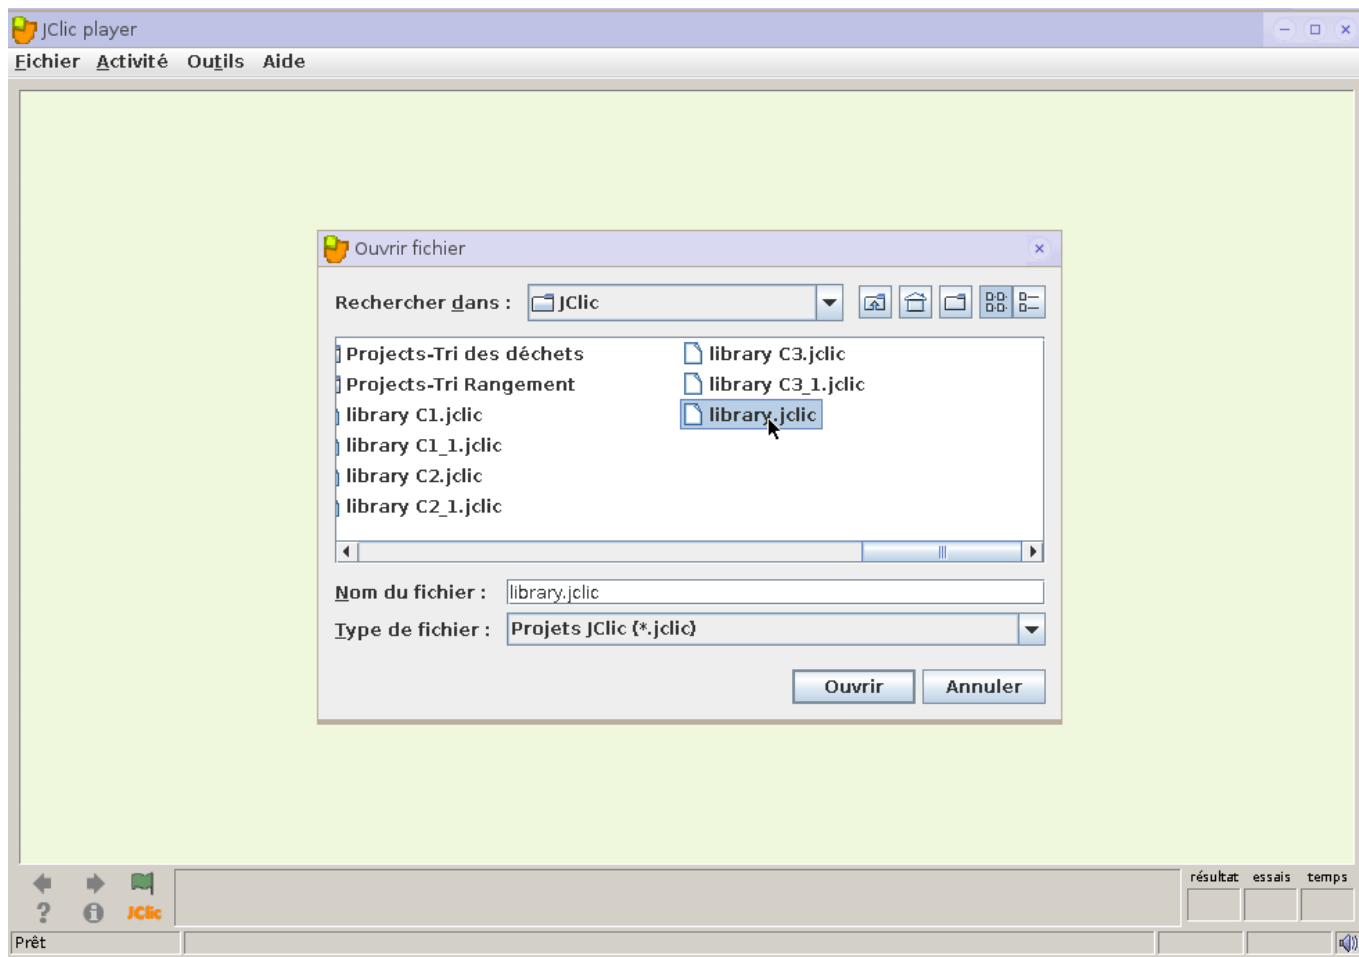

Ce chemin sera toujours celui-ci: pour mini, super et maxi, il faudra aussi choisir “/home/administrateur/Public/Jclic”

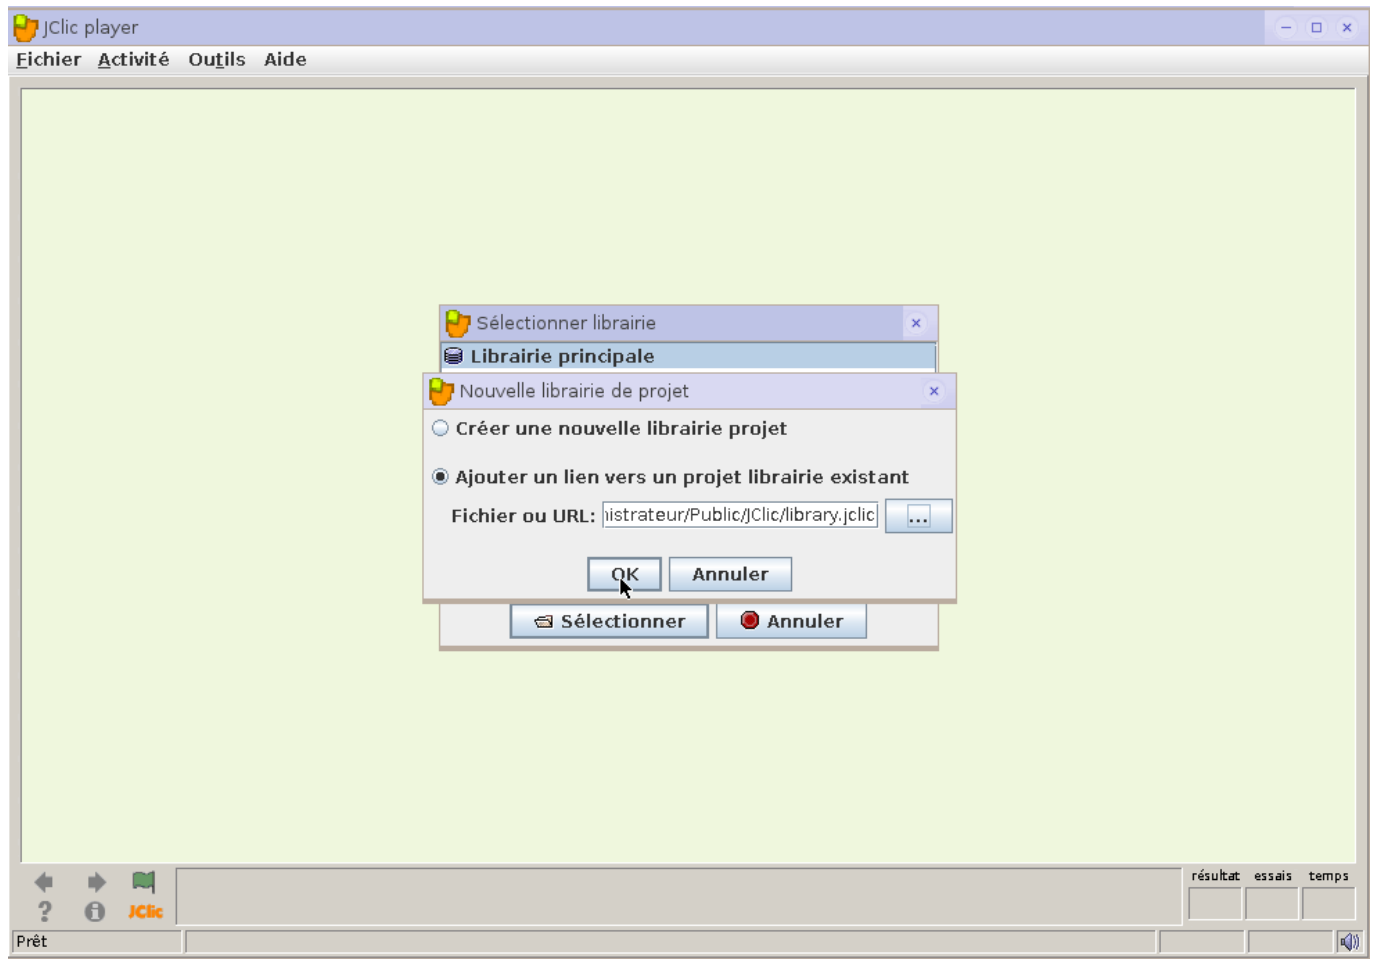

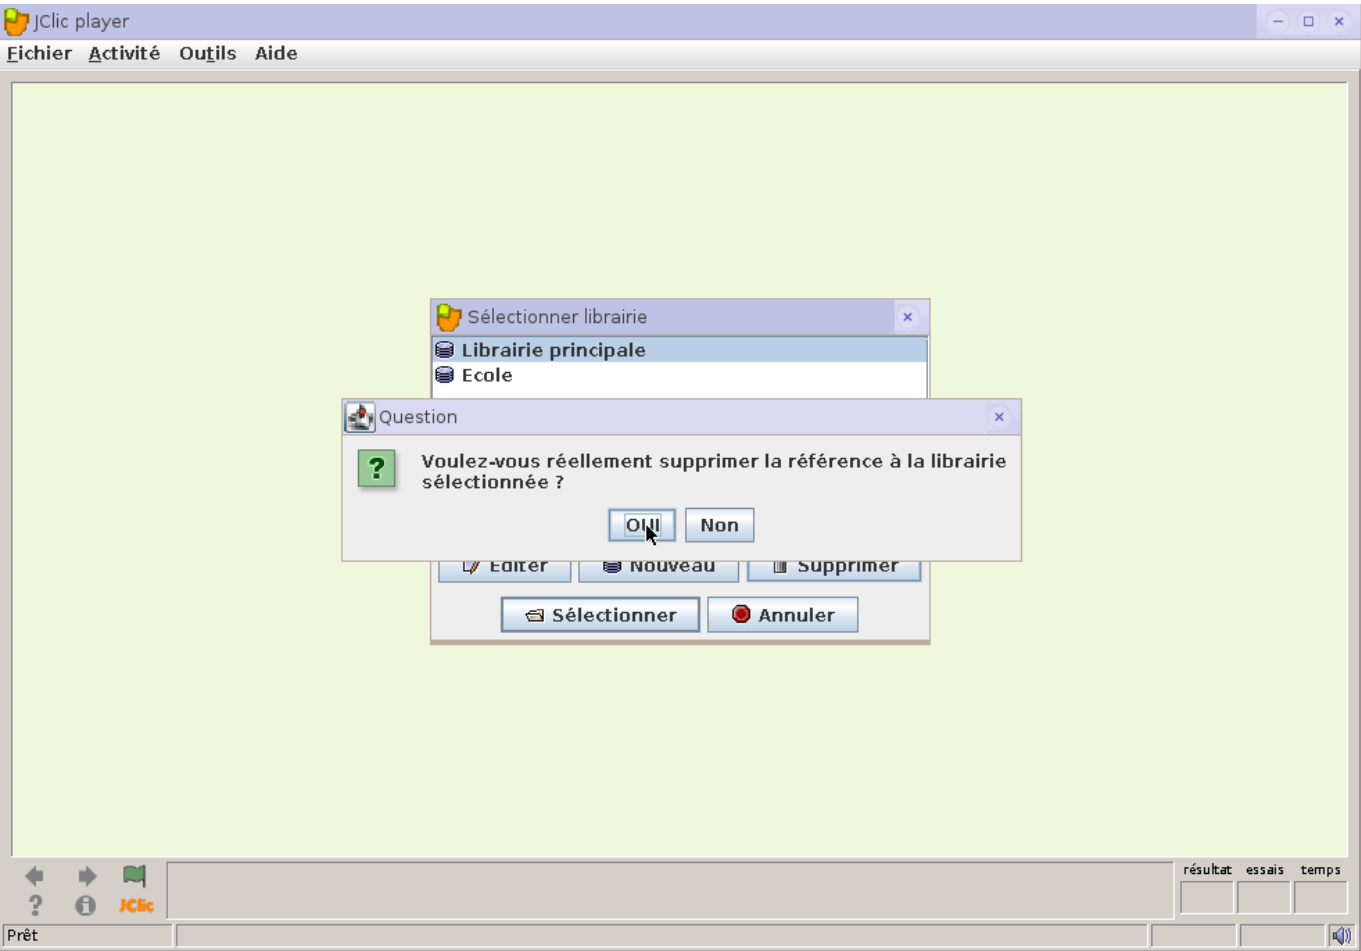

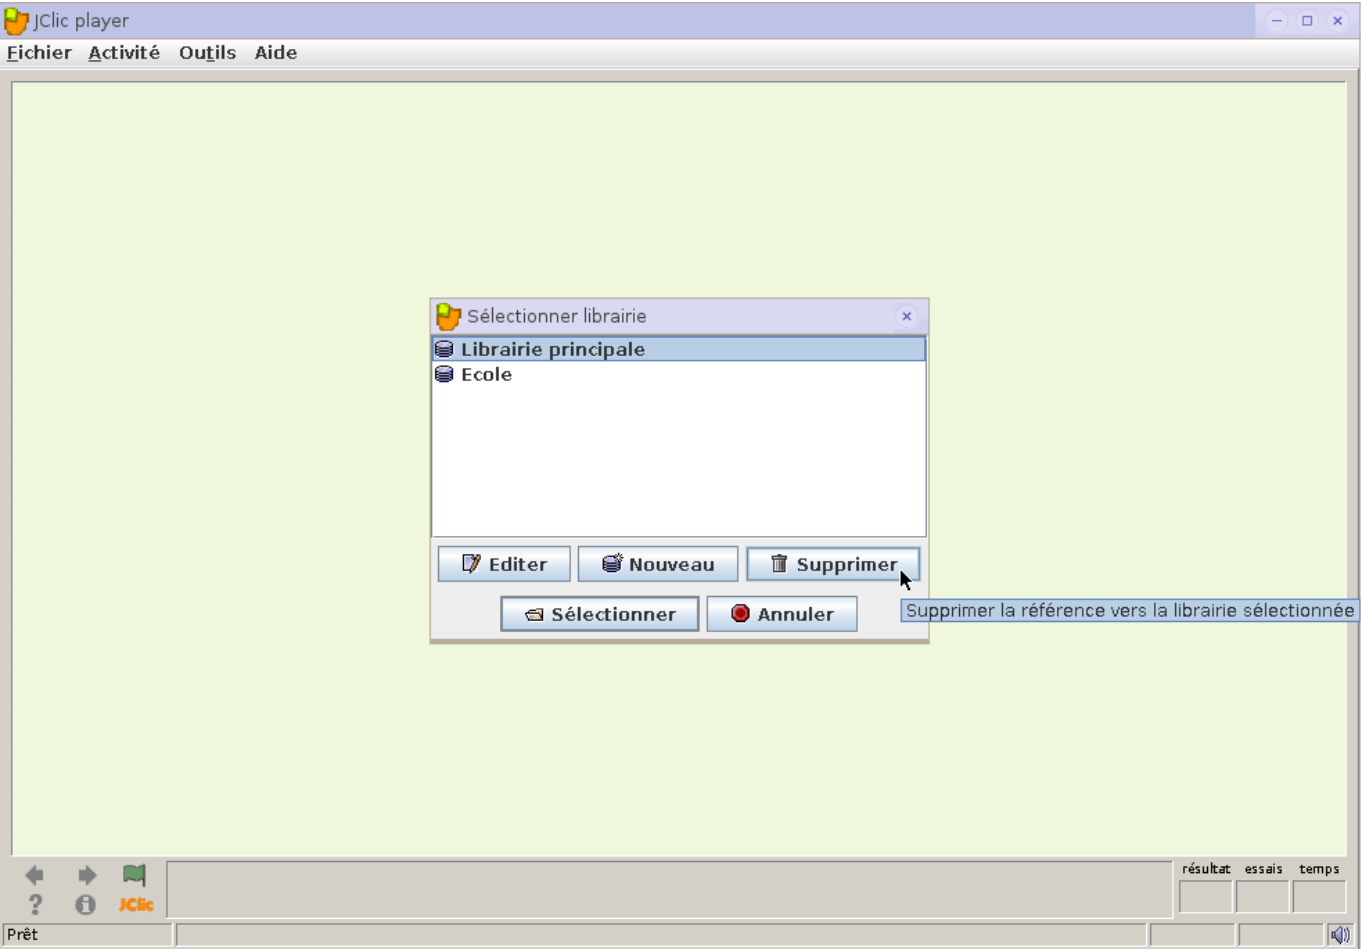

- Ouvrir le fichier "library.jcllic":

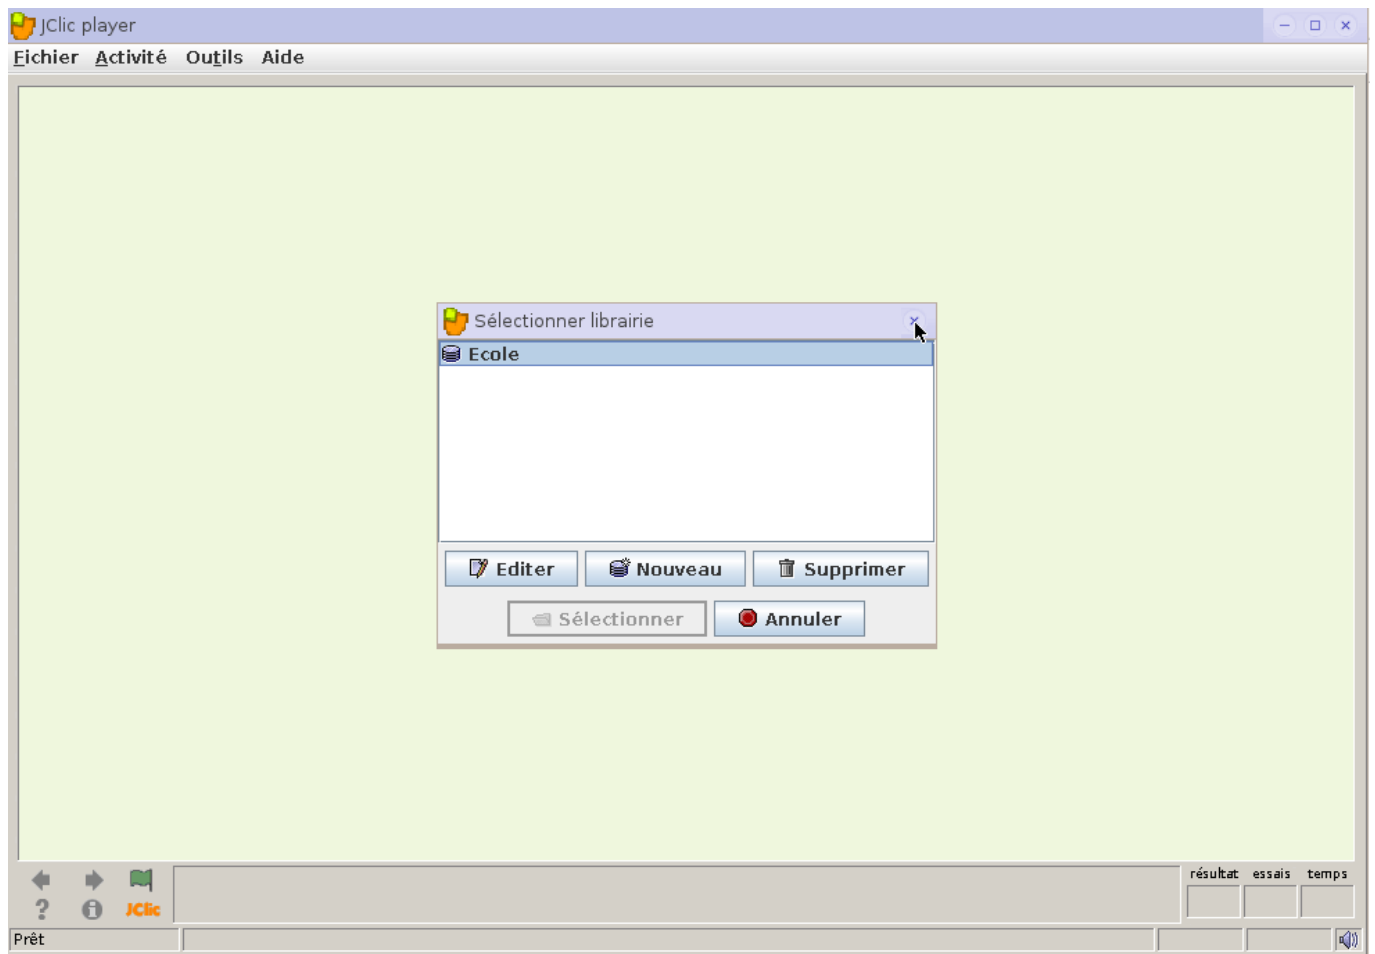

- Supprimer la librairie principale:

- Fermer la fenêtre:

- Ouvrir à nouveau les librairies:

- Sélectionner la librairie “Ecole”:

- Il ne reste qu'à choisir le cycle:
